

Requirements for particular types of measuring instruments.

The detailed scope of tests and checks to be carried out during the legal metrological control.

oscillatory-type density meters for measuring liquid density

Regulation of the Minister of the Economy of 19 April 2007 on requirements to be met by oscillatory instruments for measure liquid density and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments. (Journal of Laws No. 92, item 615)

glass areometers

Regulation of the Minister of the Economy of 19 July 2007 on requirements to be met by glass areometers and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments. (Journal of Laws No. 144, item 1007)

pressure gauges

Regulation of the Minister of the Economy of 23 May 2007 on requirements to be met by tire pressure gauges for motor vehicles and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments. (Journal of Laws No. 101, item 679)

instruments for measuring the speed of vehicles

Regulation of the Minister of the Economy of 9 November 2007 on requirements to be met by speedometers for measuring the speed of vehicles in traffic and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments (Journal of Laws No. 225, item 1663)

weighbridges for weighing vehicles in motion

Regulation of the Minister of the Economy of 25 September 2007 on requirements to be met by weighbridges for weighing vehicles in motion and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments (Journal of Laws No. 188, item 1345)

sound level meters

Regulation of the Minister of the Economy of 28 May 2007 on requirements to be met by sound level meters and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments. (Journal of Laws No. 105, item 717)

recording equipment in road transport - vehicle tachographs, record sheets for recording equipment in road transport - vehicle tachographs

Council Regulation No (EC) 3821/85 of 20 December 1985 on recording equipment in road transport (OJ L 380, 31.12.1985, as amended and OJ EU Polish special edition, Ch. 7, Vol. 1, p. 227).

barrels

Regulation of the Minister of the Economy of 7 January 2008 on the requirements to be met by barrels and the detailed scope of tests and checks to be carried out during the legal metrological control of such measuring instruments (Journal of Laws No. 8, item 50)

road measuring tankers

Regulation of the Minister of the Economy of 27 December 2007 on requirements to be met by road measuring tankers and the detailed scope of examinations and checks to be carried out during legal metrological control of these measuring instruments. (Journal of Laws No. 4, item 22)

fixed storage tanks for liquids

Regulation of the Minister of the Economy of 22 January 2008 on the requirements to be met by measuring tanks and the detailed scope of tests and checks to be carried out during the legal metrological control of such measuring instruments. (Journal of Laws No. 21, item 125)

instrument for measuring of the standard mass per storage volume of grain

Regulation of the Minister of the Economy of 31 January 2008 on the requirements to be met by grain working standard instruments and the detailed scope of tests and checks to be carried out during the legal metrological control of such measuring instruments. (Journal of Laws No. 26 item 151)
