

Consultative Metrology Teams

Published by: Kamila Szulc

On 5 September 2021, the President of the Central Office of Measures signed a decision revoking the establishment of the Consultative Metrology Teams (KZM) of the Central Office of Measures.

We would like to thank all the Consultative Metrology Teams Members for their cooperation so far.

The decision taken does not mean that GUM will resign from conducting a dialogue with economic, expert and scientific communities.

Currently, work is underway to prepare new rules for the appointment and functioning of the Teams. You will be informed of the details as soon as they are adopted.
